

FieldLazer™

Professional Field Marking Equipment

PROVEN QUALITY. LEADING TECHNOLOGY.

There is nothing like a Graco® field marking machine.

Quality. Performance.
Durability. Productivity.

Welcome to the world of Graco airless field marking. In 2004, Graco revolutionized field marking with the introduction of the original FieldLazer S100, the first walk-behind field marker utilizing proven Graco high-pressure airless paint spray technology.

FieldLazer field marking machines have been recognized worldwide by sport turf maintenance professionals for delivering brighter, longer-lasting lines, with less paint.

When it comes to field marking Graco is the name the Pro's turn to.

What is the G4 Difference? Graco delivers the industry's number one choice for field marking machines, backed by a solid reputation for proven quality, maximum performance, reliable warranty coverage and excellent on-the-job productivity. Graco sprayers are designed to exceed professional field maintenance standards of quality and performance. As your field grows, step up to Graco's complete line of field marking machines.

PROVEN QUALITY

Each FieldLazer machine boasts Graco quality and dependability. For more than 85 years, professionals worldwide have grown with Graco.

MAXIMUM PERFORMANCE

FieldLazer machines are engineering to deliver maximum performance for efficient field marking.

INDUSTRY-LEADING WARRANTY

Every FieldLazer machine is backed by Graco's unmatched warranty and network of over 700 authorized warranty repair locations in North America.

UNMATCHED PRODUCTIVITY

Superior design, coupled with innovative technology, means you'll be getting the highest productivity in a field striping machine.

Graco has the RIGHT SOLUTION

for all your field marking applications.

FieldLazer High-Pressure Airless Technology operates at **over 10X the pressure** of competitive, low-pressure models. The result is lower paint consumption and professional, bright lines. Low-pressure models simply dump paint onto the ground, wasting not only paint, but also water, time, and money! Graco FieldLazers utilize high-pressure technology and precision spray tips to provide a spray pattern that coats both sides of the grass blade, not the soil.

Walk-Behind Airless

Unit Model	FieldLazer S90	FieldLazer S100
Number of Fields Maintained	Less than 10	More than 10
Transport Speed	Walk	Walk
Paint Capacity	6-Gallon Hopper	5-Gallon Bucket
Stencils/Logos	Good	Better

Use walk-behind field marking equipment for sporting facilities with fewer fields, or field maintenance crew members with a preference to walk.

FieldLazer S90 and S100 walk-behind models feature durable, lightweight construction for effortless straight lines over even the roughest terrain.

Precision Spray Tips

High-pressure pumps and precision spray tips apply a fine spray pattern, which coats both sides of the grass blade, not the soil, resulting in. . .

- ▶ Professional, bright lines
- ▶ Up to 75% lower paint cost vs. aerosol
- ▶ Up to 50% lower paint cost vs. competitive low-pressure models
- ▶ Sprays thick, undiluted paint
- ▶ Spend less time measuring and mixing
- ▶ Finish up to 4X faster*

Graco Paint Pumps

Graco's paint pumps are field proven performers that are extremely rugged and reliable. Field proven design and excellent durability make these pumps the perfect choice for the field marking professional.

*When compared with low-pressure and aerosol models.

High-Pressure, Airless

FieldLazer S90

DESCRIPTION

FIELDLAZER S90

PART

24R371

SPECIFICATIONS

MAX TIP SIZE:	0.017
MAX PSI (BAR):	900 (62)
